**What has been particularly effective about Ricardo Fonseca's approach to teaching in this course?**

- - Ricardo always responds the email from students regardless of the topic (homework, logistics, etc.) - Great explanation for the topics in class.
- n/a (couldn't make it to sections — conflict)
- very responsive, great feedback on assignments
- He was very helpful in office hours!
- Ricardo explained everything with the utmost detail and took the time necessary to explain content and ensure that students were following.

**What specific advice would you have for Ricardo Fonseca about changes that would enhance your learning?**

- - Probably make more session since there is a limited time for each student.
- The problem set solutions were very confusing. Doing the problems out mathematically instead of long explanations in paragraph form would ease student difficulty with understanding.
- N/A
- I have no specific advice.
